

MDPI SENSORS, SPECIAL ISSUE: APPLICATIONS OF MULTISENSORY FUSION FOR AUTOMATION AND CONTROL OF ROBOTIC SYSTEMS

MDPI Sensors, Special Issue: Applications of Multisensory Fusion for Automation and Control of Robotic Systems

We invite original review and research papers addressing multi-sensor integration and fusion for the control of robotic systems such as UAVs, humanoid robots, collaborative robots, robotic manipulators, aerial manipulators, automated vehicles, etc.

Deadline for manuscript submissions: 31 August 2021
