Revues Internationales avant 2005

2004

Generic Multimedia Multimodal Agents Paradigms and its Dynamic Based Agent Reconfiguration at the Architectural Level. H. Djenidi, S. Benarif, A. Ramdane-Cherif, C. Tadj and N. Levy. In EURASIP'04, Journal on Applied Signal Processing, Multimedia Human-Computer Interface. 2004(11): 1688-1709 (2004).

Agent paradigm for adaptable architecture. A. Ramdane-Cherif, N. Levy and F. Losavio. In JOT'2004, International Journal of Object Technology, 3(8): 169-182 (2004).

ISO Quality Standards for Measuring Architectures. F. Losavio, L. Chirinos, N. Levy, A. Ramdane-Cherif. In JSS: International Journal of Systems and Software, 72(2): 209-223 (2004).

Generic Multi-Agents Architecture for Multimedia Multimodal Software Environment, H. Djenidi, A. Ramdane-Cherif, C. Tadj and N. Levy. In JOT'2004, International Journal of Object Technology, 3(8): 147-168 (2004).

Designing Quality Architecture: Incorporating ISO Standards into the Unified Process. F. Losavio, L. Chirinos, A. Matteo, N. Levy, A. Ramdane-Cherif. In JISM'04, Journal of Information Systems Management, 21(1): 27-44, (2004).

F. Abdessemed, K. Benmahammed and E. Monacelli, "A fuzzy-based reactive controller for a non-holonomic mobile robot", Robotics and Autonomous Systems (Elsevier), Volume 47, Issue 1, 31 May, Pages 31-46, 2004.

A. Smirnov , E. Monacelli, S. Delaplace and L. Pevzner, "Cooperative control algorithm for two mobile robots system", Mining information and Analytical Journal, Russian Mining University magazine, 2004.

2003

Quality Characteristics for Software Architecture. F. Losavio, L. Chirinos, N. Levy, A. Ramdane-Cherif. In JOT'2003, International Journal of Object Technology, 2(2): 133-150 (2003).
