

WELCOME FROM FEDERICO PENNINO TO LISV

Federico Pennino, Guest researcher of the RI team (PhD Student from University of Bologna, Italy) since January 8, 2024

PhD student at the "Department of Computer Science - Science and Engineering" (DISI). I conduct scientific research in the field of machine learning with a focus on automotive.
In the development of my doctoral project, I actively collaborate with Ducati Motor Holding in the field of connected motorcycles and virtual sensing.In 2020 I graduated in Computer Science at the University of Pisa, and in 2022 I completed a double degree between the University of Bologna (Computer Science) and Bielefeld University (Intelligent Systems). I'm currently visiting LISV - UVSQ.
