WELCOME FROM JOHANNES WERNER MOSTERT TO LISV

Johannes Werner MOSTERT is M-Eng student (electrical) at TUT (South Africa).

Johannes Werner MOSTERT is M-Eng student (electrical) at TUT (South Africa) and the project that I was working on is multimodal emotion recognition. This incorporates video, audio, and phycological signals like heart-rate.
He invited for an internship at LISV lab, (3 months), from 16 Oct 2023 unti 17 Jan 2024.
The subject of his internship at LISV (RI team) is: “Emotional recognition using vocal and facial inputs”.
