## Laboratoire d'ingénierie des systèmes de Vers

### WORKSHOPS 2005 - 2012 DE LA THÉMATIQUE ASSISTANCE ET INTERACTION

[Workshops 2005 - 2012](#)

---

**2007**

Analysis of a New Ubiquitous Multimodal Multimedia Computing System. Amar Ramdane-Cherif, Manolo Dulva Hina. In ISM'07. The 2007 IEEE International Symposium on Multimedia. Taichung, Taiwan, R.O.C., December 10-12, 2007.

**2006**

Machine Learning-Assisted Device Selection in a Context-Sensitive Ubiquitous

Multimodal Multimedia Computing System, Manolo Dulva Hina, Chakib Tadj and Amar Ramdane-Cherif, IEEE ISIE 2006, International Symposium on Industrial Electronics, ÉTS, Montreal, QC, Canada, July, 2006.

Information Access in a Multimodal Multimedia Computing System for Mobile Visually-Impaired Users, Ali Awde, Manolo Dulva Hina, Chakib Tadj, Amar Ramdane-Cherif and Yacine Bellik, IEEE ISIE 2006, International Symposium on Industrial Electronics, ÉTS, Montreal, QC, Canada, July 2006.

Self-Management Considerations in Designing a Pervasive Multimodal Multimedia Computing System. Manolo Dulva Hina, Chakib Tadj, Amar Ramdane-Cherif. Proceedings – ISCIT 2006, IEEE International Symposium on Communications and Information Technology, Bangkok, Thailand, 18 – 20 octobre 2006.

The LATIS Pervasive Patient Subsystem: Towards a Pervasive Healthcare System. Chakib Tadj, Manolo Dulva Hina, Ghislain Ngantchaha, Amar Ramdane-Cherif. Proceedings – ISCIT 2006, IEEE International Symposium on Communications and Information Technology, Bangkok, Thailand, 18 – 20 octobre 2006.

## 2005

A Ubiquitous Context-sensitive Multimodal Multimedia Computing System and Its Machine Learning-based Reconfiguration at the Architectural Level”, Manolo Dulva Hina, Amar Ramdane-Cherif and Chakib Tadj, IEEE MIPR’05, IEEE International Workshop on Multimedia Information Processing and Retrieval, Irvine, California, USA, December 2005.

Phenotype Analysis in Schizophrenia using Neural Networks, A.Ouali, A.Ramdane-Cherif, N.Levy and MO.kreb. The International Association of Science and Technology for Development (IASTED) on BIOMEDICAL ENGINEERING ~BioMED 2005, Innsbruck, Austria, February 16-18, 2005.
